

## Department of Energy

ROCKY FLATS OFFICE  
P.O. BOX 928  
GOLDEN, COLORADO 80402-0928

JUN 22 1992

92-DOE-6811

Ms. Mary Lynn Tucker  
Assistant County Attorney  
Jefferson County Courthouse  
1700 Arapahoe Street  
Golden, Colorado 80419

Dear Ms. Tucker:

The Department of Energy's Rocky Flats Office (DOE/RFO) received your letter via fax regarding the City of Westminster's request to enter Jefferson County property that is addressed by the 1984 Settlement Agreement. Ownership of the property is not vested in DOE/RFO; however, the property is within Operable Unit No. 3, the Offsite Areas addressed by the Interagency Agreement (IAG) between the United States Department of Energy (DOE), United States Environmental Protection Agency (EPA), and the Colorado Department of Health (CDH).

DOE/RFO does not believe that the City of Westminster's access to the property would interfere with the revegetation in progress on the Remedy Acreage or interfere with the ongoing Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) sampling activities. DOE/RFO believes that the City of Westminster should institute good health and safety practices upon entering the property.

If you have any questions, please contact Robert Birk of my staff on 966-5921.

Sincerely,

Frazer R. Lockhart  
Director  
Environmental Restoration Division
